**RAT ROD CLASS** – A rat rod is a style in most cases, imitates (or exaggerates) the early hot rods. Most rat rods appear "unfinished" (whether they actually are or not), with just the bare essentials to be driven. The rat rod is the visualization of the idea of function over form. Rat rods are meant to be driven, not shown off. Sometimes the customization will include using spare parts, or parts from another car altogether.

**ORIGINAL TRUCK** – Vehicle years are **1900 - 1975**. These trucks are **ORIGINAL**. This class will include American and Foreign makes and models of the years listed.

**NOTE:** Trucks that are pre 1950 may choose the Antique class.

**MODIFIED TRUCK** – Vehicle years are **1900 - 1975**. These trucks are **MODIFIED**. This class will include American and Foreign makes and models of the years listed and will have been modified in body and/or with today's technology.

**BEST PRESERVED** – Vehicle of any year of original form that is being preserved instead of restored. Car or truck can enter this class but vehicle cannot have a restoration job done but only minor work and painting to preserve the vehicle in original form. These will look unfinished only because of the nature of the vehicle and its originality that will give it a different character.

**MOTORCYCLE** – Vehicle of **ANY YEAR** or style.
